Computer Aided Drafting & Design
Become a Graphic Designer or Web Developer

Why?
● You can get a job in almost any industry
● Excellent pay
● Flexible hours
● Continuous job demand

What will you learn?
Windows networking
Adobe Photoshop
Adobe Illustrator
Adobe Flash
Adobe Dreamweaver

Who will hire you?
Graphics design companies
Multimedia companies
Marketing companies
Architectural and interior design firms

Why enroll at ACI?
● Small classes
● Highly qualified faculty
● Easy access by public transportation (Metro)

No student loans needed
No out-of-pocket cost
For eligible candidates

Financial Aid available for those who qualify

PROGRAM DESCRIPTION & OBJECTIVES

The Computer Aided Drafting & Design program is a postsecondary undergraduate nationally accredited academic and career oriented diploma program consisting of 24 Semester Credit Units (SCU). For each 4 SCU students are required to attend 60 hours of Lecture (LEC.) and 60 hours of faculty supervised Lab Projects (PROJ). Additionally, an estimated 60 hours of measured, evaluated, and documented out of class Academic Mastery Research & Review (AMRR) assignments are required to be individually completed by the student.

The program provides the student with a thorough theoretical instruction, theory related assignments and relevant theory and industry related practical projects. Students will learn the fundamental theoretical and practical aspects related to Photoshop, Illustrator, Flash, and Dreamweaver. The courses making up this program are among the essential subjects in any Graphics Design or Multimedia degree program.

Among the objectives of this program, the graduate will be able to secure employment as a Graphic Designer, Web Developer, Desktop Publisher, Desktop Operator, etc. He/she can also advance his/her education at degree level.
